(2). *Advanced Matriculation.*

In addition to the ordinary Matriculation Examination as presented in Chapter I, there shall be an Advanced Examination in any one or more of the subjects of the First Year for such of the candidates as desire it. Candidates who pass creditably in this will be entitled to such exemptions from the Lectures and from the Christmas Examinations of the First Year as the Faculty may determine. For the Advanced Examination in Classics two authors in Latin and two in Greek will be required.

(3.) *Course of Study.*

1. The Course of Study shall be arranged as follows, with reference to the University Examinations:—

(a). *Course for the Intermediate Examination.*

2. Every Candidate shall attend Lectures, and pass Examinations in the following subjects:—

First Year.—(1) Latin; (2) Greek (the same author throughout the session); (3) French, or German, or Hebrew; (4) Arithmetic, Euclid, six books, Plane Trigonometry, in part, Algebra; (5) Chemistry; (6) English Grammar and Literature.

4. Undergraduates who have been previously Partial or Occasional Students, and have in that capacity attended a particular Course or Courses of Lectures, may, at the discretion of the Faculty, be exempted from further attendance on these lectures, but no distinction shall in consequence be made between the examinations of such Undergraduates and of those regularly attending Lectures.

5. Undergraduates are required to study either French or German for two years (viz., in the First and Second Years), taking the same language in each year. Any Student failing to pass the Examination at the end of the Second Year will be required to pass a Supplemental Examination, or to take an additional Session in the Language in which he has failed. In addition to the obligatory, there are other lectures, attendance on which is optional.

6. Students who intend to join any Theological School, on giving written notice to this effect at the beginning of the First Year, may take Hebrew instead of French or German.

(b.) *Course for the Final Examination for the Degree of B.A.*

7. In the Third and Fourth Years, the subjects of the Ordinary Course are arranged in six departments, as follows :—

	1	2	3	4	5	6
<i>Years.</i>	<i>Classics.</i>	<i>Mathematical Physics and Philosophy.</i>	<i>Experimental Physics.</i>	<i>Natural Science.</i>	<i>Modern Languages, &c.</i>	<i>English and History.</i>

9. He must also take one of the following additional departments, the same department being taken in both the Third and Fourth Years, viz. : (1) Classics, including Latin and Greek. (2) Mathematical Physics, including Optics and Astronomy. (3) Natural Science, either Theoretical and Practical Chemistry, Mineralogy and Geology of Canada, or Advanced Botany. (4) Mental and Moral Philosophy. (5) English with History. (6) One Modern Language or Hebrew with History. (7) Experimental Physics, when not taken as part of the ordinary course. of the additional courses in this Section is not to exceed in amount an ordinary course.

A Student cannot, in general, take the "Additional" Department in any subject unless he takes the "Ordinary" Department in the same subject; but in the Third Year, a Student taking English and Rhetoric may take either English or Mental and Moral Philosophy as his "Additional" Department.

10. The subjects thus appointed and selected shall be those in which he will be examined for B.A. ; and of those who obtain the required aggregate of marks, only those who pass in the first class in three of the departments and not less than second class in the remaining two shall be entitled to be placed in Class 1st for the Ordinary Degree.

11. In the Degree Examinations the same number of marks shall be attached to each of the ordinary and additional departments.

(c.) Candidates for Honours.

13. Every Candidate for Honours in the Third Year must, in order to obtain exemptions, have passed the Intermediate Examination, and must in the Sessional Examination of the Second Year have taken first class in the subject in which he proposes to compete for Honours ; such Candidates shall be entitled in the Third Year to exemption from lectures and examinations in any one of the four "Ordinary" departments required by the general rule, except that in which he is a Candidate for Honours. (d.) Candidates for B.A. Honours.

14. A Student who has taken Honours of the first rank in the Third Year and desires to be a Candidate for B.A. Honours, shall

be required to attend two only of the above courses of lectures, and to pass the two corresponding examinations only at the ordinary B.A. Examination. The "Additional Department" required for the ordinary B.A. (see above) forms part of the Honour course. A Student who has taken Second Rank Honours in the Third Year, and desires to be a Candidate for B.A. Honours in the same subject, shall be allowed to continue in the Fourth Year the study of the same departments that he has taken in the Third Year, but shall be required to take the same number of departments as in the Ordinary Course.

(d). Professional Students.

15. Students of the Third and Fourth Years, matriculated in the Faculties of Law, Medicine or Applied Science of the University, or in any affiliated Theological College, are entitled to exemption from the Additional Department or any one of the Ordinary Departments required in the Third and Fourth Years.

16. To be allowed these privileges in either year they must give notice at the commencement of the Session to the Dean of the Faculty of their intention to claim exemptions as Professional Students, and must produce at the end of the Session certificates of attendance on a full course of Professional Lectures during the year for which the exemptions are claimed.

(e). Students of the University attending Affiliated Theological Colleges.

17. Such Students, whether entered as Matriculated or Occasional, are subject to the regulations of the Faculty of Arts in the same manner as other Students.

18. The Faculty will make formal reports to the Governing Body of the Theological College to which any such Students may belong, as to :—[1] their conduct and attendance on the classes of the Faculty ; and [2] their standing in the several examinations ; such reports to be furnished after the Christmas and Sessional Examinations severally, if called for.

19. Matriculated Students are allowed no exemptions in the course for the degree of B.A. until they have passed the Intermediate Examination ; but they may take Hebrew in the First and Second Years, instead of French and German.

20. In the Third and Fourth Years they are allowed exemptions, as stated above.

(4.) *Examinations, Prizes, etc.*

1. A Preliminary Examination of each class may be held at the discretion of the Faculty immediately before the Christmas Vacation, and Students who do not pass such Examination shall be required, before passing the Sessional Examination, to submit to an extra Examination on the subjects of the Preliminary one.

2. At the end of every Session, there shall be a general Examination of all the classes under the superintendence of one or more of the Professors and of such other Examiners as may be appointed by the Corporation, which Examination shall be by written or printed questions, answered by the Students in writing in the presence of the Examiners, and also, if deemed advisable, *viva voce*. The results shall be reported as early as possible to the Faculty, which shall decide the standing, honours and prizes of the Students accordingly.

3. At the Sessional Examinations, it shall be competent for each Professor or Lecturer, the sanction of the Faculty being first obtained, to assign prizes or certificates of merit to those Undergraduates who may have distinguished themselves in the Studies of their Class, and who have attended all the other Classes proper to their year.

5. The Examination Papers for the Christmas and Sessional Examinations shall be prepared by the several Professors or other Examiners, but must be sanctioned by the Faculty.

6. Orations or other exercises may be required on Convocation-day from such Students in the Graduating Class, as may have distinguished themselves during the Session.

7. At the end of each Session the names of those who have graduated or taken Honours and Prizes or passed the Sessional Examinations, shall be published in the order of merit, and with mention, in the case of Students of the First and Second Years, of the Schools in which their preliminary education has been received.

8. Failure in two or more subjects at the Sessional Examinations of the first two years, or in one subject in the Third Year Sessional Examinations shall involve the loss of the Session; but the Faculty may permit the Student to recover his standing by passing a Supplemental Examination at the beginning of the ensuing Session. For the purposes of this regulation, Classics and Mathematics or Mathematical Physics shall be accounted each as having the value of two subjects.

9. No Student shall be entitled to a Certificate of attendance upon any Class unless he shall have passed the Examination therein.

10. Report of the results of the Examination and of the recommendations of the Faculty and Examiners thereon, shall be made to the Corporation, by the Dean, on or before its Meeting in April of each year, and in such report mention shall be made of anything in the conduct and character of any Candidate for the Degree or for Honours or Standing, that may

in the judgment of the Faculty merit the consideration of the Corporation.

(2.) Professors shall call the roll immediately on the commencement of their Lectures. Credit for attendance at any lecture may be refused on the grounds of lateness, inattention or neglect of study or disorderly conduct in the Class-room. In the case last mentioned the student may, at the discretion of their Professor, be required to leave the Class-room. Persistence in any of the above offences against discipline, after admonition by the Professor, shall be reported to the Dean of Faculty. The Dean may, at his discretion, reprimand the Student, or refer the matter to the Faculty at its next meeting, and may, in the interval, suspend from Classes.

(3.) Absence from any number of lectures can only be excused by necessity or duty, of which proof must be given, when called for, to the Faculty. The number of times of absence, from necessity or duty, that shall disqualify for the keeping of a Session, shall in each case be determined by the Faculty.

(4.) While in the College, or going to or from it, Students are expected to conduct themselves in the same orderly manner as in the Class-rooms. Any Professor observing improper conduct in the College buildings or grounds may admonish the Student, and, if necessary, report him to the Dean.

(5.) Every Student is required to attend regularly the religious services of the denomination to which he belongs, and to maintain, without as well as within the walls of the College, a good moral character.

(9.) All cases of discipline involving the interest of more than one Faculty, or of the University in general, shall be immediately reported to the Principal, or, in his absence, to the Vice-Principal.

(7.) *Fees.*
